Point is a place where different worlds and concepts meet and blend. This unique approach embodies our philosophy and is evident in every aspect of our activities. During the day, Point transforms into a café where you can enjoy specialty coffee and all-day brunches.

In the evening, we focus on our Dining Bar and the authentic Point atmosphere. You can visit us for a cocktail and dinner in the form of delicious Neapolitan pizza.

We don't want to make compromises and we wish for our guests to experience the best of all the worlds that Point offers. That's why we devote maximum attention to every part to ensure that all the moments you spend at Point are unforgettable.

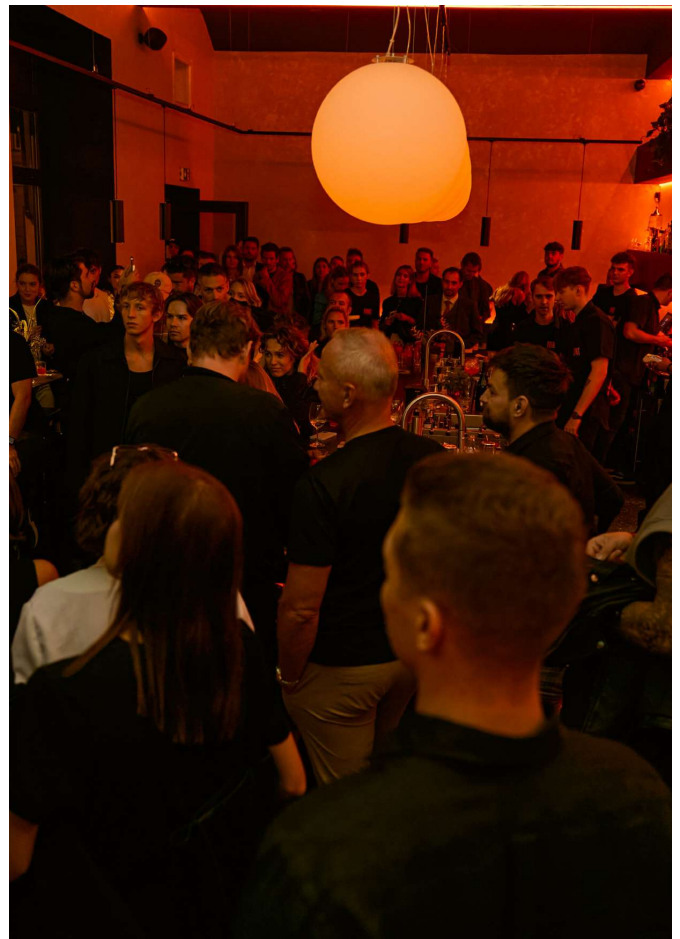

Quality, seasonality, locality, sincerity, and innovation.
